THIS WORK

IS, BY PERMISSION, RESPECTFULLY INSCRIBED TO

CHARLES J. FOSTER, ESQ.,

OF "THE SPIRIT OF THE TIMES,"

TO WHOM THE AUTHORS ARE DEEPLY INDEBTED,

AND

BY WHOM ITS COMPOSITION WAS

FIRST SUGGESTED.

INTRODUCTION.

The Trotting Record was first suggested by the frequent demand of American Turfmen for an authentic record of the performances of the Trotting Horse of America.

The advantages of such a record, condensed into a single volume of convenient size, will be appreciated by all who have heretofore been forced by circumstances to refer the performances of any horse to the Editors of a sporting paper, whose decisions it is true are authority, but to whom reference is frequently a matter of weeks of time, and certainly of some expense, besides being a source of trouble to the paper referred to, the kindness of which in determining such matters is fully appreciated.

It is proposed to record in the present work not only those races which have taken place on the principal Trotting Tracks of the country, where records are preserved, but those of Agricultural Societies, on whose tracks some of the most noted trotters of the United States have trotted some of their finest races. (Flora Temple's famous time at Kalamazoo, Mich., for instance.) These races come within the legitimate province of a Trotting Record, as portions of the present work, and are fully authenticated as necessary to a complete and reliable book of

The scope of the Trotting Record is not of sufficient limit to give, IN EXTENSO, the details of each of the races of even the most celebrated of the courses mentioned. This would necessitate a volume of vastly more bulk than would be deemed convenient, in fact it would require many volumes of larger size than is here published. The genuine record is all that is required by horsemen, and this, it is believed will here be found, compressed within a few pages, with an index making a reference easy and certain.

It is the intention of the editors of the Trotting Record to continue its publication from year to year, as each season furnishes its material.

Officers of Agricultural Societies and proprietors of Trotting Tracks are respectfully requested to act as agents for the circulation and sale of the Trotting Record. They are also requested to forward to the editors full and reliable accounts of future trots at their respective meetings, and of matches worthy of notice in such a work, to be incorporated in future editions to fully meet the requirements of so valuable a book to American Turfmen.

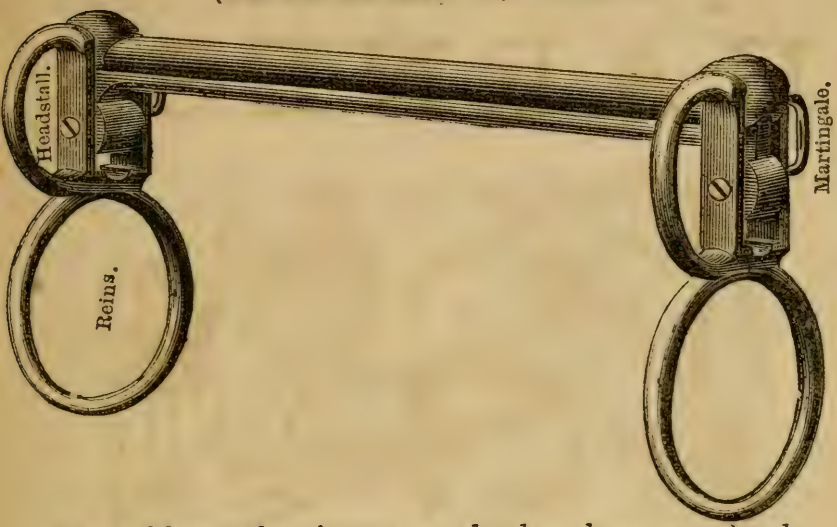
THE BALDWIN BIT

(PATENTED MAY 22, 1868.)



for stubborn, fractious, or unbroken horses and colts. It has one mouth stationary while the other moves at the will of the driver, and thus prevents the horse from holding it unless both reins are pulled equally. If either rein is pulled it causes a pressure upon the opposite side which makes the horse turn easily and always drive straight if he has the habit of pulling on one side. It is as easy in the horses mouth as the simplest bit ever made, and is the best for ladies' driving, as it gives the driver greater power over the horse, and is not severe unless the horse misbehaves. Prices for cash or sent C. O. D., $2 in X. C. plate, or fine steel polished, $3. By sending cash with order, you save expense of collection. State size of horse. A liberal discount to dealers.

Bits to prevent tongue-lolling, $2 to $3 each; the Dexter Trotting snaffle, $5; the Dan Mace Bit, $4.

Bits made in any style to order.
